2. The main topic of discussion at the meeting was the ODP conference in May and our responsibility in that area. The tentative agenda was discussed further and a decision was made to circulate this information to ODPers for their review and response to these topics. Once the responses have been collected; Administrative Staff will invite the requested speakers, arrange transportation and housing, reserve the Auditorium and any other requirements related to the logistics of the conference.

3. Topics suggested for the night sessions were:

AIM
Productivity tools
Data Catalog 2
Delta Data 7260 capabilities

The display of micro computers was suggested for the tunnel area at Hqs.

4. The next meeting will be on 17 February at 9:30 am in 2D03, Headquarters Bldg. instead of 3 February as was originally stated.
This will allow time to collect the questionnaires that were circulated.
